CJM Monthly Updates

Dear Parents of Convent of Jesus and Mary High School,

Blessings of Peace and Love for the Blessed Month of November.

“God, I am Grateful for Everything”

I have completed three months here at CJM and I am totally grateful to God, my congregation, my wonderful CJM Community. All has been well and the great challenges, opportunities and experiences have worked for our highest good. With God's grace, I was able to bring in peace, balance and equilibrium in our functioning. *With deep gratitude, I acknowledge the patience and support you my wonderful parents gave to me and our school.*

I deeply understand the times, my staff and myself didn't meet your expectations. Sincere apologies for not completing the portion on time. The pandemic did bring about a new shift in our behaviour and functioning. We are trying to cope with the new demands and re-learn what has been forgotten. So also, I understand the sentiments you have for your child. For you, your child is your world and you are concerned only about your child. *For me as the Headmistress of the school, my world revolves around the entire school community. I have to maintain a balance with the administrative staff, teachers, students, helpers and parents. I have to see to the wellbeing and happiness of everyone.*

Parents also remember my teachers and me have to interact with children from different backgrounds. It's a herculean task to deal with *Aplha Generation kids*. Sometimes, I am astounded the way they talk to me. They are advanced in their thinking, reasoning, talking and behaviour. You handle just your children and you know your challenges and we handle the entire school. Restrain from negative talks about our school. Rather be nice to us and keep blessing our teachers and school. Blessings given will return back to you in abundance.

NOVEMBER

As per the current status of our school funds, from 2020- 21, 2021-22 & 2022-23, most of the parents haven't paid the fees. *The school has a deficit of almost 70 Lakhs.* Our teachers are paid well and we need funds to support their salaries. I do agree that most of your activity and computer fees were waived off and I am sure you grumbled about me, insisting you to pay the fees. *Dear Parents, the reason behind my firm decision was purely out of love for your children.* I need funds to run this huge institution. The running of the school is a costly affair. The government has hiked prices. I request you to pay all the fees especially the computer and activity fees.

The school needs maintenance. We suffered heavy leakage during monsoons. The infrastructure of our school needs improvement. I have great plans for the school and I want to provide the best of the facilities to our students.

I am thinking of upgrading our classroom into smart classrooms. I need huge funds to install this new technology. We can see this dream coming true if you clear all the pending fees. I don't need any donations from you, except I humbly urge to pay all the fees. I will spend all the money for your children in order to provide them with first class education in our school.

I have also revised our Class Time-Table. From Monday to Friday, we will have a Zero period. This will be utilized for practices, remedial help for struggling students, mentoring and guidance and completion and correction of books. I will be keeping a track of the syllabus and the completion of portion. The teachers will complete their portion on time. The academics won't be affected this time.
