

## October 2024

### Dear Parents and Guardians,

As we step into October, we reflect on the busy yet fulfilling month of September, which was filled with various activities, the completion of portions, and the successful meeting of several unexpected departmental deadlines. With October now in full swing, we prepare for another important period, including oral class tests, and the much-anticipated First Term Examinations. After all the hard work, the Diwali vacation, which we have all been eagerly waiting for, is just around the corner.

### Examination Protocol: Punctuality and Integrity

Punctuality is crucial during exams. Students must arrive at school by 7:15 a.m. to take part in a brief meditation session aimed at calming their minds, bodies, and spirits before the exams begin. Late arrivals will cause a 10-minute delay in receiving the exam papers. The school will give any student caught cheating or copying during the exams a zero grade and will not permit them to retake the exam.

I appreciate your cooperation in helping us uphold a high standard of discipline and integrity throughout the exam period.

Wishing all our students the very best for their upcoming exams and looking forward to a well-deserved Diwali vacation after their hard work!
